

Master Économie parcours Analyse économique (Economic Analysis)

The Master 2 in Economics Analysis is a joint program between the CY Cergy Paris University and ESSEC Business School.

Présentation

Applications for 2022-2023 are now open.

Several grants are available for students enrolled in the M2 EA in 2022-2023!

For detailed information about the program and excellence scholarships, see [THEMA website](#).

The Master 2 in Economic Analysis is a joint program between CY Cergy Paris University and ESSEC Business School. It offers high quality training in economics in a one-year program, where all courses are taught in English. Its purpose is to prepare for further studies in a PhD program. Therefore, the program focuses on economic theory as well empirical methods. The content of the courses is available [here](#).

This program is the sequel of the Master 1 Economie Quantitative from CY Cergy Paris University. The information on the Master 1, which is taught in French, can be found [here](#).

The Master 2 in Economic Analysis is part of a Ph.D. program in Economics of ESSEC Business School, in partnership with CY Cergy Paris University. Students who have successfully completed the master program may demand admission to the Ph.D. program. They are also eligible to apply to the doctoral program at CY Cergy Paris University.

Students gain a mastery of quantitative methods (optimization, econometrics, simulation methods) and the basic concepts of the individual choice theory and the micro and macroeconomic equilibrium. Specialization courses address current and advanced research in applied fields.

The training in research follows international standards of scientific quality in economy. Fluency in English facilitates the research activity, which is international in nature.

The two partner institutions have a strong scientific visibility. According to international rankings, CY Cergy Paris University is among the very best French universities, while ESSEC is among the French business schools that are most active in research.

Admission

Pré-requis

Formation(s) requise(s)

Any student holding a M1 (at CY Paris Cergy University or elsewhere) may apply to the Master 2 in Economic Analysis. Likewise, students who have graduated from a Grande École d'ingénieur ou Grande École de Gestion may apply, as well as students from the ESSEC MBA having completed at least half of the credits for the MBA. Admission decisions are based on the analysis of the student's application material. Please carefully check what you need to include in your application package [here](#).

A degree in economics is not necessary, but the candidate should have some background in mathematics, since the courses rely heavily on mathematical modelling of economics.

Deadline for application: June 17th, 2022.

The deadline for Campus France countries is usually in March.

Candidature

Modalités de candidature

Applications for 2022-2023 are now open.

Deadline for application: **June 17th, 2022.**

Be aware that the deadline for M2EA scholarships' application is **May 5th, 2022**. The International students who must apply via Campus France should keep in mind that Campus France's deadline is usually very early March.
